Sir:

PRELIMINARY AMENDMENT

Prior to initial examination, please amend the above-identified patent application
as follows:

IN THE CLAIMS:

Please amend claims 1 and 7 as follows:

21967

PATENT TRADEMARK OFFICE

1. (Amended) A method for accessing a remote service provider across a network through a host service provider, the method comprising the steps of:
- receiving a username and password from a user at the host server;
 - retrieving data from a validation database, wherein the data is effective for
- accessing a remote service provider and is based at least in part on the received [data] username and password;
